

SPECIAL MESSAGE – Currently high-water situation on the Rhine

Dear Ladies and Gentlemen.

Yesterday evening, February 4, 2021 the high-water level at stage Cologne exceeded 830 cm. This means our barges in Cologne are banned from driving until the level falls below 830 cm. This inhibition has a great effect on our barge movements.

Current forecasts assume a decrease on Tuesday, February 09, 2021.

We would like to point out, that arrival times can not be guaranteed and we also decline any kind of liability.

Our customer service representatives at our terminals are available to offer alternative shipping solutions or to provide information on your booking.
