

## **SPECIAL MESSAGE – Construction work in Duisburg**

Dear Ladies and Gentlemen.

We would like to inform you that the city of Duisburg has started construction work in the area of the Marientor in Duisburg. This means that the motorway feeder in the direction of the motorway A40 is completely closed.

This construction measure has a direct effect to the city traffic from Duisburg-Rheinhausen (Logport I) on the bridge “Brücke der Solidarität”. The direction to Duisburg is closed for heavy trucks. The current diversion leads in the direction of Krefeld via the A57 to the Moers motorway junction with continuation on the A40 or via the B288.

The construction work is scheduled until October 5, 2020. Due to these construction measures including diversions, we cannot guarantee deliveries in time.

We hope to have informed you sufficiently.
