

SPECIAL MESSAGE – Terminal closures in the western ports

Due to the current effects of the storm "Klaus", the first sea terminals in Rotterdam (APM I & II and RWG) have already suspended operations. Further closures in the western ports can currently be assumed. This will lead to significant handling restrictions on site as well as delays in our scheduled timetable.

We would therefore like to point out that arrival times cannot be guaranteed and closings cannot be kept. As a precaution, we therefore have to decline any liability for any resulting costs (e.g. demurrage and detention).

In case of further questions please feel free to contact our customer service team.
